

Imagine Collection

Imagine

The Imagine Collection uses the most current breakthrough in digital ceramic printing. This technological development is used to apply imagery, patterns or text to the surface of flat glass. The ceramic pigments are first printed, then fused to the glass at tempering, resulting in an impression that is resistant to light and scratches.

Each of our designs is available for printing on Satin White glass or Clear glass. Therefore we invite you to choose your own degree of privacy for your unique door.

Custom built to your specifications, your space and your satisfaction. Imagination begins here.

PANTRY

A wooden cabinet door with a decorative metal handle and a sign that reads "PANTRY" in a stylized font. The sign is mounted on the door and features a decorative flourish below the text. The door is light-colored wood with a vertical grain. The handle is a dark, ornate metal piece. The sign is white with black lettering and a black border. The word "PANTRY" is written in a bold, serif font. Below the word is a decorative flourish. The sign is centered on the door. The door is part of a larger wooden cabinet. The background is a plain, light-colored wall.
